

Productname: TRISTAR 4+ Next Gen Bi-Color SMD LED Light

SKU: ALP-TRISTAR-4PLUS

EAN-13: 8718591671968

Description

The TRISTAR 4+ Next Gen Bi-color SMD LED light with 3200K to 5600K color balance is an ideal addition to any camcorder, video capable DSLR or ENG-style camera.

The 120 **High-Brightness SMD LEDs** provide an incredible bundle of light with great dimming control (100-10%) and smooth color balance from Tungsten to Daylight, or anywhere in between.

Together with the detachable metal barn door and diffusion filter you can create the perfect lighting conditions for your shoot, whether you use the light on a camera or a light stand.

Key features

- 120 long life High-Bright SMD LEDs
- Robust but lightweight and compact design
- 100-10% dimming without noticeable color shift
