

PRL Director's Cage for TVLogic F-5A & VFM-055A

SKU: PRL-MC5-TVLOGIC
EAN-13: 8718591675768

Description

PRL has designed a lightweight – first on the market – form fitting aluminium cage for the TVLogic 5-inch viewfinder field monitors VFM-055A and F-5A. The included easy-to-attach sun hood protects your monitor from glare while maintaining access to the monitor's control buttons.

Fix your monitor tightly and easily by two or four included 1/4" screws. The monitor cage is equipped with multiple 1/4"-20 and 3/8"-16 threaded mounting holes, providing mounting points for accessories that won't stress your monitor.

Two strap holes on either side allow you to add a strap to hold the monitor around your neck, wrist, or shoulder. An included tiltable shoe mount allow you to attach the cage directly onto your camera, bracket, gimbal, Steadicam or camera cage.

It also includes a HDMI Cable Clamp which firmly fixes your HDMI cable and prevents it from shifting or being damaged. Separately available "PRL Perfect Grip Handles with ARRI-Style Rosettes" (SKU: PRL-MC-HANDLES) can be attached to the cage via the mounting threads on the side.
