

PRL Director's Cage for TVLogic F-7H & F-7H Mark II

SKU: PRL-MC7-TVLOGIC
EAN-13: 8718591675775

Description

PRL presents the – first on the market – form fitting aluminium cage for TVLogic F-7H (M2) 7" field monitors. Included are two lightweight perfect grip handles, with ARRI-style rosettes. The grips are made of soft rubber and are very comfortable to hold during your film production or video shoot.

Thanks to the perfect grip handles and mounting bracket you now can use your TVLogic F7H monitor mounted, handheld or even stand-alone when using a wireless receiver! The included, easy-to-attach sun hood protects your monitor from glare while maintaining access to the monitor's control buttons.

Fix your monitor tightly and easily by two or four included 1/4" screws. The monitor cage is equipped with multiple 1/4"-20 and 3/8"-16 threaded mounting holes, providing mounting points for accessories that won't stress your monitor.

Two strap holes on either side allow you to add a strap to hold the monitor around your neck, wrist, or shoulder. An included tiltable mount allows you to attach the cage directly onto your camera, Steadicam, bracket or camera cage. It also includes an HDMI Cable Clamp which firmly fixes your HDMI cable and prevents it from shifting or being damaged.
