Description

The camRade wetSuit PXW-Z190/Z280 is a black soft flexible waterproof rain cover that protects your camera against the elements. It also covers the LCD monitor, microphone and offers room to attach other accessories.

The rain cover is designed specifically for the Sony PXW-Z190 and PXW-Z280 camcorder. The near silent fabric minimalizes unwanted sound effects caused by wind and rain. The bottom of the rain cover is adjustable to the difference in size between the PXW-Z190 and PXW-Z280, therefore it fits both cameras.

The wetSuit has clear vinyl windows for visibility when adjusting the menu, audio input select level or other controls. The LCD monitor is completely closed off by the fabric and vinyl window, so no water will come into the suit during use.

This item will be delivered to you in a waterproof pouch with zipper, which you can use for storage and transportation of the cover when not in active use.
